Seen at OrthoNOW® Saturday AM

New  **Mobile App**
ORTHOPEDIC URGENT CARE

Our Brand New App is made just for you,
and now FREE in iTunes and Google Play Stores!
Just search "OrthoNOW" 

**because injuries don't
happen by appointment®**

- Locate the nearest OrthoNOW® Center
- Send messages to a Center.
- Connect with social media, see services offered, and more!
- And introducing...
On My Way NOW™: a revolutionary new way to communicate with an urgent care center. It's your way to alert us when you're coming and why - so we can have the medical team ready for you. **What emergency room can do that?**

Download this app and keep it.
You never know when you're going to need it.

Patient missed no work after clavicle ORIF

Specialist shown here 72 hours after procedure!!
Working.....

Attended OrthoNOW® triathlon symposium 90 minutes after
leaving OR#1 at the [Surgery Center at Doral](#)

Major procedures, including arthroplasty surgery can be
done safely in outpatient environment with good anesthesia/
nursing team with less complications (nosocomial infections),
hassle AND cost.

The latter reason represents real solution for decreasing
healthcare costs in US, not the ACA....

Work comp injuries, schools, athletes and families all benefit
from having an OrthoNOW type facility in their community

Simply use app to find nearest facility and you can even
notify center via On My Way NOW™ feature. Paradigm
shift in how injuries are assessed and treated.
